

The best way I've learned about Bitcoin has been through podcasts. Here are a few gems that I highly recommend:

**The Reorg (Pierre Rochard and Michael Goldstein)**

**The Path to Bitcoin (unknown)**

**The Block Reward (Scott Dedels)**

**Rock Paper Bitcoin (myself and BusinessCat)**

Finally, I offer consulting services through my firm, Actuarial Bitcoin Advisors. Reach out to me directly on Twitter @Fundamentals21m or email me at bh1r@pm.me..
